

To whom it may concern,

For all the "good" this venture might claim, there are several facts that render public assistance most inappropriate. DO NOT FUND SEE CLICK FIX with any State money. Grants or otherwise.

First; This venture is based upon "citizen complaints". Complaints that are duplicated by EVERY City or Town, DPW, Police Department, DOT or 211 system.

Second: They do NOT vet any complaint, they simply post it for ALL to see. Example, I might not like a local member of the CGA; Therefore, I submit a complaint to See Click Fix that I saw (mere example here, Plate 100 of the CGA) parked for two hours outside a New Haven bar. Maybe I take and upload a photo. Now, absolutely NO inappropriate behavior has taken place, yet aspersions are now cast upon the CGA Member who is assigned Plate 100. NOT FAIR.

Third: You may not like your neighbor ( This example has been seen time after time after time), so you say the neighbor is a "drug dealer" or "prostitute" and you post a picture to the see click fix website. This is vicious, retaliatory and TOTALLY ignored by See click fix. They only want to MAKE MONEY.

Finally: They post "success" even if NOTHING occurred with a complaint. The "potholes" that see click fix began as a venue for, were always fixed by the City DPW before the internet post was published !! It is a SCAM !!

See Click fix is a BUSINESS that makes money off "page clicks" from the internet.. Plain and simple. If they are failing and need cash, they should talk to a Bank. NOT the State.

For the State to subsidize small, failing internet based businesses, a WEBSITE no less, is wasteful and sets a very bad precedent.

Should I "create" a website that is facing bankruptcy, well that's the way the cookie crumbles. Some business ventures succeed, some fail. That's life.

NO STATE MONEY FOR FAILING INTERNET WEBSITES.

Governor Malloy said just yesterday that the only way to save money for the State is to STOP SPENDING IT.

See Click Fix has not earned, nor does it deserve ONE CENT from the taxpayers of Connecticut.

Thank you,

Peter B Gemmell

New Haven
